It's time to set goals for the first time or to update the goals that were set several months ago. Remember, this is not a check-list, instead have a conversation about desired goals. If you are reviewing previously-set goals, use this form to indicate whether you are making progress on them; whether you've met the goals; or whether they are no longer of interest. Finally, set any new goals and add any additional information that is significant in the life of the student with regard to his/her basic skills. **Use dates (month/year) to indicate set and met goals.** Please read *Roles & Goals Instructions for more information*.
